

INDIAN INSTITUTE OF TECHNOLOGY BOMBAY
PUBLIC HEALTH OFFICE

CIRCULAR

We have assigned the work of Dogs sterilization and vaccination from the campus to a private agency M/s Ameya Enterprises. They will started their work from 2nd week of March, 2010 and carrying out this activity within 90 days (three months).

During this activity Residents who are having pet animals in the Institute quarters should ensure that no nuisance will be created of any kind that would cause hinderence to this activity.

As per the BMC norms for keeping Pet animals in the Residence the following documents are required to be furnished to the P.H.O.

1. BMC Liscence issued for the Pet animal.
2. Record of Vaccination & Sterilization of same dog.

All residents are requested to note the contents of this circular and co-operate accordingly.
